Del Monte Foods
Growers of Good®

Dear Valued Stakeholder,

As you may have seen, Del Monte Foods voluntarily initiated a Chapter 11 restructuring process on July 1, 2025.

This is a strategic step forward for Del Monte Foods. We have entered into a restructuring support agreement with a group of our secured lenders, and under the terms of the agreement, will pursue a going-concern sale process for all or substantially all of the Company's assets in Chapter 11. This process is intended to maximize value for our stakeholders.

To be clear, this does not mean that Del Monte Foods is or will be going out of business. Del Monte Foods will continue operating in the ordinary course during this process, including executing our current pack season, fulfilling customer orders, meeting employee wage obligations and paying vendors and suppliers for goods or services provided after the filing date.

Chapter 11 is a court-supervised legal process. As part of that process, we are required to distribute certain legal documents and notices during the Chapter 11 proceedings. These notices are typical and are for purposes of keeping our stakeholders informed about the proceedings and corresponding legal requirements. These notices do not require any action on your part unless otherwise specified.

Attached is a "Notice of Commencement," the first of these legal notices. It is a customary part of the Court-supervised process to notify recipients of the Chapter 11 filing and is being sent to a wide range of interested parties, including, but not limited to, current and former employees, customers, vendors and lenders to the company.

We are committed to keeping our stakeholders informed with relevant updates as they are available. For more information on the process, please visit <https://cases.stretto.com/DelMonteFoods>.

Del Monte Foods has been nourishing families for nearly 140 years, and we will continue to serve as growers of good.

Thank you for your support,

Del Monte Foods
